Pre-Ordered Collection Service

From Monday 27th April we will open for a pre-arranged collection service for **TRADE CUSTOMERS ONLY**. Our trade counter is to remain closed.

1. Orders to be placed preferably by email to sales@johnsonstimber.co.uk , orders can also be placed by telephone to 0121 706 0404.
2. When ordering we will require a vehicle registration as to identify your vehicle to let you in.
3. Once your order has been received. We will advise a collection date and time; this must be adhered to and **failure to do so will result in us refusing entry**.
4. Any non-account customers must pre-pay for collections. Bank details will be provided.
5. Upon entry we will marshal you into a parking space. You must remain in your vehicle. We will then bring your materials to the rear of your vehicle and drop them on the ground. Once we have backed away to a safe distance (more than 2 m) we will advise that it is safe for you to exit your vehicle and load.
6. When you have loaded your vehicle please return to your cab. We will then open the gates for you to leave.
7. We will be emailing all despatch notes and receipts.

Thank you for your co-operation. We appreciate the above measures may cause some inconvenience.
